Funds To Help Victims Of Hurricane Harvey Pay For Debris Removal Available

County Judge John Lovett, the statutory Director of Emergency Management in San Jacinto County, along with Brandon Gregson, the Agrilife County Extension Agent, would like to make the residents of San Jacinto County aware of State efforts to help us all recover from the devastation brought by Hurricane Harvey.

Shortly after Hurricane Harvey ravaged the Texas coastline, Governor Abbott announced a high priority initiative named "Rebuild Texas". Chancellor John Sharp of the Texas A&M University System has been placed in charge of this initiative that will call upon the Texas A&M Agrilife Extension Service to serve as a liaison between the needs of local communities and the state agencies that will be fulfilling those needs. Chancellor Sharp will report directly to Governor Abbott. Mr. Gregson is the local contact in this effort. Full details on "Rebuild Texas" are available online at: www.rebuildtexas.today or www.rebuildtx.org

On November 9th, Governor Greg Abbott in partnership with Texas House and Senate leaders, announced the approval of emergency funding to help Texans in disaster-declared counties pay for the removal of debris caused by Hurricane Harvey. In total, \$90 million has been identified from General Revenue (GR) Account 5000, the Solid Waste Disposal Fees Account, which will be made available to pay for costs associated with debris removal across impacted regions.

In most cases, even with federal assistance, cities and counties in the impacted areas are responsible for ten percent of costs associated with debris removal. Today's funding allocation will help alleviate that burden for communities as they continue to rebuild. The Governor thanks the Comptroller and members of the Texas Legislature for their work in securing this funding for Harvey-impacted areas.

"While there is still much work to be done to help rebuild Texas, the funds made available today will go a long way in helping mitigate the burdensome costs on communities for debris removal," said Governor Abbott. "Today's action is just one more step in a long process to help our cities and counties recover, and I want to thank all the members of both the Texas House and Senate for their effort to secure this much needed funding."

"The historic level of destruction caused by Hurricane Harvey demands a historic response. I'm glad we have been able to move quickly and get funds to local governments for debris removal," said Lieutenant Governor Dan Patrick. "Acting on this priority is essential so we can move forward with rebuilding and recovery efforts."

"This is an important step in our state's recovery from Hurricane Harvey," House Speaker Joe Straus said. "There is a long way to go, but these resources will provide valuable help to communities that are still coping with, and responding to, the damage caused by this storm. The Texas House remains committed to helping all areas of our state that were impacted by Hurricane Harvey."

"Harvey caused catastrophic damage to the Gulf Coast, and through this budget decision we are lending our support to help local communities with recovery and relief," said Senator Jane Nelson. "All Texas leaders — local, state and federal — need to work hand in hand to ensure that Texas rebuilds and comes out stronger."

"It is clear that Texas communities are still in need of assistance, and the Legislature should use the tools we have available to assist in the recovery of these cities, towns, and counties," said Representative John Zerwas. "The testimony the House Appropriations Committee is receiving from local officials is extremely compelling and while I know our local leaders are resilient, the State must support their efforts."

The funds for debris removal will be administered by the Texas Commission for Environmental Quality, who will work with the Texas Division of Emergency Management.

Toys for Tots

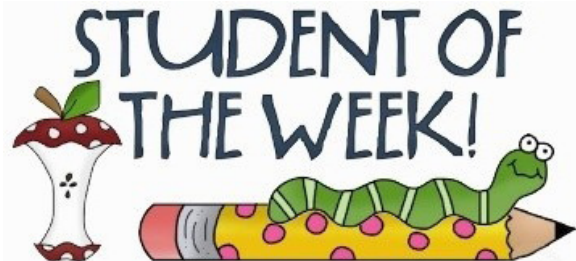

County Judge John Lovett would like to make county residents aware of that the Commissioners Court, on November 14, made certain San Jacinto County offices available as collection sites for the Marine Corps Reserve Toys for Tots Program.

The mission of the U. S. Marine Corps Reserve Toys for Tots Program is to collect new, unwrapped toys during October, November and December each year, and distribute those toys as Christmas gifts to less fortunate children in the community in which the campaign is conducted. The primary goal of Toys for Tots is to deliver, through a new toy at Christmas, a message of hope to less fortunate youngsters that will assist them in becoming responsible, productive, patriotic citizens.

Collection boxes are available at several area businesses in Coldspring and Shepherd and at the county offices of the Court House Annex, Sheriff, County Judge and all four precinct offices. Applications are available in the offices of Sheriff, County Judge and all four precinct offices. All applications must be submitted by 4:00 pm on December 12th.

County resident and Marine Corps veteran Robert Payne is the official agent for the Toys for Tots program. The principal Toys for Tots activity which takes place each year is the collection and distribution of toys in the communities in which a Marine Corps Reserve Unit is located. In communities without a Reserve Unit, the campaign can be conducted by a Marine Corps League Detachment or group of men and women, generally veteran Marines, authorized by Marine Toys for Tots Foundation to conduct a local Toys for Tots campaign. Local Toys for Tots Campaign Coordinators conduct an array of activities throughout the year, which include golf tournaments, foot races, bicycle races and other voluntary events designed to increase interest in Toys for Tots, and concurrently generate toys and monetary donations.

The objectives of Toys for Tots are to help less fortunate children throughout the United States experience the joy of Christmas; to play an active role in the development of one of our nation's most valuable resources — our children; to unite all members of local communities in a common cause for three months each year during the annual toy collection and distribution campaign; and to contribute to better communities in the future.

Coldspring has forms on its web site, www.coldspringtexas.org or call (936) 653-2184. Last week long time resident of Shepherd, Ms. Pat Jennings celebrated her 90th birthday. Ms. Pat was the first friend I made when I joined the Friends of Shepherd Library. This was ten years ago when I moved to this area. I was very happy to be invited to her party which was attended by about 100 of her family and friends. Ms. Pat moved to Conroe a few years ago where she is doing well. It was through her that I started to write this column for the Shepherd area McClain's paper and then later the San Jacinto News Times. At that time she was writing and organizing the McClain's weekly paper and now she is a vital part of her new community. As an example of how one person can make a difference to a community, you have only to look at this wonderful woman's life. **Happy Birthday Ms. Pat!** Don't forget you can have a free consultation with Director Bob Barragan on any business question you may have.
