People's State Bank have issued the following message on their web site. It is amazing how many scams there are going at present. Please be aware of this and don't fall for them.

We have learned that counterfeit cashier's checks and money orders drawn on Peoples State Bank are currently in circulation. The counterfeit instruments appear to be quality copies of cashier's checks and money orders recently purchased from the bank.

If you believe you have received one of these fraudulent items through a scam whether it be including but not limited to

Buying something you advertised for sale

Paying you to work at home

Giving you an "advance" on a sweepstakes you've won or Paying you for agreeing to transfer money in a foreign country to your bank account for safekeeping.

Please, feel free to fax a copy of the instrument, including your name and a phone number to reach you to (936)-628-6658 or (936)-628-3089.

This week my own Facebook account was hacked. Friends phoned me to say I was asking them to try a business deal in which I had been successful. First they were asked to 'friend me'. Most of them knew we were already friends and they phoned or emailed me to ask about this strange behavior. Since the message was coming from another account but with my photo and name it seemed genuine at first. I changed my password and emailed all of them that I had been hacked. If you get an invitation to be friends with someone who is already on your list, be aware of this.
