## Rice University Study of San Jacinto County Complete

submitted by John Lovett

On Friday, April 28, County Judge John Lovett travelled to Rice University to receive a presentation from two teams of Rice MBA students who were making the final presentation of their semester-long project for a grade before their graduation later this month. The two teams, each consisting of five members, have been studying San Jacinto County as part of the Capstone Course curriculum during the entire spring semester. The students on each five-member team are enrolled in the M.B.A. program at Rice University, Jones Graduate School of Business and are in their final semester before graduation later this month.

The Capstone Course at Rice University's Jones Graduate School of Business brings together teams of Rice MBAs to develop recommendations that help community organizations solve critical strategic challenges, such as major growth or expansion plans, organization turnaround strategies, and new ventures by the organization in need of a business plan.

Judge John Lovett, during his first year in office, approached Rice University in the summer of 2015 to inquire about having the University conduct a study of the county as part of its ALPs curriculum (Action Learning Project). After discussion, it was decided that a new program, the Capstone Program, would be more suitable to obtain the desired outcome, but the deadline for application had passed. Judge John Lovett followed up in 2016, made application for the 2016/2017 school year program and was accepted into the Capstone Program. This presentation is the culmination of effort of ten Rice M.B.A. students and can be used by county and civic leaders to plan and manage the growth that our county is experiencing.

The Capstone Course and the ALPs Course are semester long projects in which the students create a Strategic Management Study of the organization. The ALPs Course is aimed at the for-profit market, and the Capstone Course is aimed at the non-profit and community organization market. The program is designed to give these students the skills they need to work in the private sector after graduation. There are consulting companies that perform these studies for a fee. The cost equivalent of the work-product produced in the Capstone Course, if purchased, would be approximately one million dollars. The typical cost range for a detailed strategic management study like the one produced for San Jacinto County is \$750,000 to \$1.5 million. San Jacinto County is very fortunate to get such a detailed product at no cost to the county or taxpayers. With limited resources, the county would never be able to budget for such a study, however, this "outside-the-box" thinking brought to county government by County Judge John Lovett has great benefit and county residents will see benefits from this for years to come.

Judge John Lovett has long thought our county is growing in population and the rate of growth is accelerating. Bringing in these independent and well researched ideas and recommendations will help the county leaders in their decision making and planning to maintain and enhance the quality of life in our county.

The two summary studies and corresponding data will be made available to public inspection on the county website when received by Judge Lovett from Rice University. Judge Lovett is coordinating with some of the team members to come back to the county to make another presentation of their findings at a county Commissioners Court meeting so that any interested citizen can see the presentation for themselves. An announcement will be made when arrangements are made that details when the presentation will be held.

**San Jacinto County is the first county ever studied by Rice University**, and according to Judge Lovett, no other university has ever completed a similar study on any other county, making San Jacinto County the first county ever to receive the benefits of having a study conducted by the intelligent, motivated and hard-working students in the Rice University M.B.A. program. Additional information on the Capstone Program can be gained by going to: <https://business.rice.edu/capstone>

## County Judge John Lovett Makes Statement Regarding Vehicle Accident on 2666

"I am very sorry for the accident that occurred on FM 2666 on Monday, May 1, 2017. I am grateful that the young lady in the other car was not hurt. Immediately after the accident, I stopped my vehicle and pulled over to the shoulder of the road, I called 911, the next vehicle travelling the road was a DPS trooper, which I flagged down and made aware of the accident, I drove my vehicle a short distance back to the other vehicle, I spoke with the other driver who was being attended by witness and other drivers who had stopped, I spoke with the DPS trooper, I spoke with the other drivers mother and sister when they arrived at the scene, I spoke with emergency medical personnel, and I stayed at the scene until it was cleared by DPS troopers.

I fully cooperated with the officers' on-scene, and voluntarily asked for a blood test to prove that there was no impairment in an effort to avoid rampant speculation. The test results should be back in thirty to sixty days and will put an end to the ongoing rampant speculation on social media.

When the accident occurred, I had crossed over the center line because I was trying to arrange for an emergency mental health detention warrant as part of my official duties, and was on my way to the courthouse to interview the applicant. I deeply regret this error. I was not texting and driving, but I was distracted by my phone and trying to dial, and this was a mistake on my part.

Regarding the questions of insurance coverage. I have had continuous insurance coverage on my vehicle; going back before the state law change made this a requirement. I recently changed carriers and set up insurance coverage with a local agency on April 12 to combine my auto policy with my homeowners policy, but for some reason, that policy had not yet been submitted and bound. I have taken immediate steps to remedy this. My political foes have already tried to capitalize on this accident – it is no surprise that Channel 13 and Channel 11 TV News from Houston showed up to cover an accident in which both parties, fortunately, walked away and one vehicle drove away. That is unfortunate, but that's politics. I just hate that this poor young woman is being dragged into it. It is bad enough to be involved in a car accident that is not your fault when you are only seventeen just started driving, but worse to have it all over the news. Folks can take shots at me all they want, but please don't send the news media to hound this young woman or her family, who are blameless."

Having Fun Sling'n that Mud for Our Girl!

Patricia Watson was been diagnosed with Uterine Cancer in March 2017. Many know her as "Trisha - Glen's sister and Owner of Down South Mudders Offroad". She had experienced some severe pain and bleeding unexpectedly. She went to the emergency room and upon her exam and couple of procedures - she and her husband, Kenneth were informed of the tragic news. With that being said, an ER oncologist confirmed what the ER doctor said. She has been referred to an oncologist at MD Anderson. This was not even a thought in her mind as she went to the ER. If you know Patricia as many of us do - you know her calm spirit, faith and big heart for helping other people within her community and co-workers. The plan for treatment is in discussion, but as you all know that is overwhelming in itself. She will not be able to work while receiving treatment. She and her husband work for the correctional prison facility in Livingston and even with insurance he cannot cover the costs on his own which include but are not limited to parking, multiple medications to help her cope with the effects of the treatment, doctor visits multiple times a week, which will continue to grow in cost rapidly. In addition to this they still have their home responsibilities and medical bills that are already piling up from the ER and procedures on top of lost work time. Patricia continued to help families in need within surrounding communities until this life-changing event. She has been there as a supportive friend, volunteering her time and donating at every benefit she attended.

Let's SUPPORT Her Now and Pay it Forward

Well, Mother’s Day has passed and I hope everyone had a happy time with friends and family. The Women’s League of San Jacinto County lunch last week celebrated this event by decorating the tables with photos of their mothers. It was the last meeting of the year for them. The next year begins in September. Once a month a catered lunch by The Church Ladies, is followed by a guest speaker. The venue is Coldspring Community Center on the second Thursday of every month. If you would like to know more about them look them up in the [www.sanjacintocountybulletinboard.com](http://www.sanjacintocountybulletinboard.com) online.

There are some interesting events in our area this month. You will have read articles about the ‘Hug a Tree/ Kiss a Fish’ event, this free 3 day outdoor camping meet is organized by the Community and Children’s Impact Center headed by Brenda Myers and her Board members. This year it is being held at the Alabama-Coushatta Reservation Lake Tombigbee Campgrounds, which will allow for expansion and a chance to join in with the many celebrities who are supporting this very worthwhile event. STRAWBERRY CHEESECAKE  
BREAKFAST ROLLS

Directions:

- Make strawberry sauce. In a small saucepan, over medium heat chopped strawberries, lemon juice, sugar and corn starch until the sauce is thickened. Remove from heat and set aside.
- Roll out the crescent rolls into two rectangles. Spread cream cheese onto the dough, and roll the dough. Cut the dough into rolls. Place the rolls 1 inch apart in a baking dish or pie pan. Bake according to the instructions on the container. Remove from the oven and let cool.
- Prepare the glaze by mixing ingredients. Drizzle strawberry sauce and glaze over the rolls.

*Make it a Meal* Serve with diced breakfast potatoes (3lb gold potatoes on sale 2/\$3.00!) and bacon or sausage patties (Purnell roll sausage 16oz. on sale 2/\$5.00!) Recipe found at [www.makethebestofeverything.com](http://www.makethebestofeverything.com)
